

Sione Fihaki

Dempsey Wood Civil

Where do you work?

New Lynn-Avondale

How many years have you been doing what you do?

14 years as a labourer, the last year and a half at Dempsey Wood

Best learning tip:

I like it because I got to learn how to use online stuff so you have to have the devices to use. Practice how to use meeting ID and password and how to get online on Zoom. Make sure you have password right: small and big letters exactly as they are.

Biggest challenge in Lockdown:

Cooking. Haha! And leaving my daughter with her nanna so my wife and I can go to work.

Something you're looking forward to in Alert Level 1:

Nothing planned as I want to be careful.

Teach us something:

Go and find the words you don't know at home. Try to pronounce them and find the meaning. Practice your words.

How have you found online learning?

I like it because I got to learn how to use online stuff. It was hard in the beginning.

Biggest take-away from online learning?

You have to read and practise to learn things. You have to do work on your own to be a good learner.

I want to keep going because this one hour a day is like a whole day of learning for me.
